Profile

My name is Mohamad Hafi Dimas Rifqi Prasetyo and I am an active Informatics Engineering student at Universitas Serang Raya and currently serves as a Campus Ambassador. I am very passionate about technology, designs, innovation, and personal growth. With strong public speaking skills, adaptability, and a fast-learning mindset, he aspires to make a meaningful contribution to the tech industry while continuously seeking opportunities for both professional and personal development.

Education

Universitas Serang Raya

Sep 2022 - Present

Informatics Engineering, Faculty of Information Technology

- CGPA 3.45 out of 4.00

SMAN 82 Jakarta

2018-2021

Major in Science and Mathematics

Organization Experiences

Unsera Campus Ambassador

Feb 2025 - Present

Public Relations Coordinator | Charity Event

- Reached out and built partnerships to help support the event both financially and through media exposure, resulting in 7 sponsors and 4 media partners.
- Led a team of 3 people by working closely with my team to handle sponsor and media outreach, making sure we stayed organized and focused.
- Managed time well so we could lock in all support we needed in 2 weeks and before the event deadline.
- Gave clear direction to team members and made sure everyone knew their roles and what they needed to do, so the process ran smoothly.

Event Division Coordinator | Gathering Event

- Planned and managed the event flow by creating the rundown of the event, coordinated the timeline, and made sure each session ran smoothly from start to finish.
- Led a team to organize games and group activities, creating fun ice-breakers and team-building sessions to help participants connect and feel included.
- Worked with other divisions to keep everything aligned, collaborating with logistics, documentation, and consumption teams to ensure the event ran smoothly, on time, and within budget.

Scout Group Leader of SMAN 82 Jakarta

Nov 2018 – Feb 2019

- Actively participated in scouting activities at the school and district levels, including camps, leadership training, and community service projects.
- Developed strong teamwork, discipline, and responsibility through regular field exercises and weekly training sessions.
- Served as group leader, responsible for organizing events, leading teams, and coordinating with scoutmasters.
